

Marketing Control Tower

Welcome to Marketing AI Control Tower, the all-in-one AI platform built specifically for marketing agencies. Generate content, manage clients, and run strategic AI agents; all from one unified workspace that knows your brands.

THE AGENCY PROBLEM

Too Many Clients. Too Few Hours. Too Many Tools.

- ✗ Content takes 45+ minutes per piece
(Finding briefs, re-prompting AI, editing generic output)
- ✗ Client reporting takes 3+ hours weekly
(Manually pulling data from 5+ platforms)
- ✗ No brand memory in AI tools
(Generic ChatGPT doesn't know your clients)
- ✗ Knowledge lives in people's heads
(Onboarding new team = starting from zero)

THE SOLUTION

One Platform. Every AI Tool. Every Client Brand.
