GerMed USA™

During our **10 years of partnership** we supported vital pharmaceutical brands with secure, compliant, and high-performance technical solutions.

Portfolio-Wide Coverage: Trusted technical partner for Janssen's USA, UK, and Ireland market.

Web Development and Maintenance: Building high-performance digital platforms tailored to specific product lines and therapeutic areas.

Rigorous QA: Eliminating technical bugs to guarantee continuous platform uptime.

Compliance First: Architected to handle sensitive medical data securely.

Supporting iconic consumer health brands with secure, compliant, and high-performance technical solutions.

Portfolio-Wide Coverage: Trusted technical partner for Kenvue's leading global consumer brands.

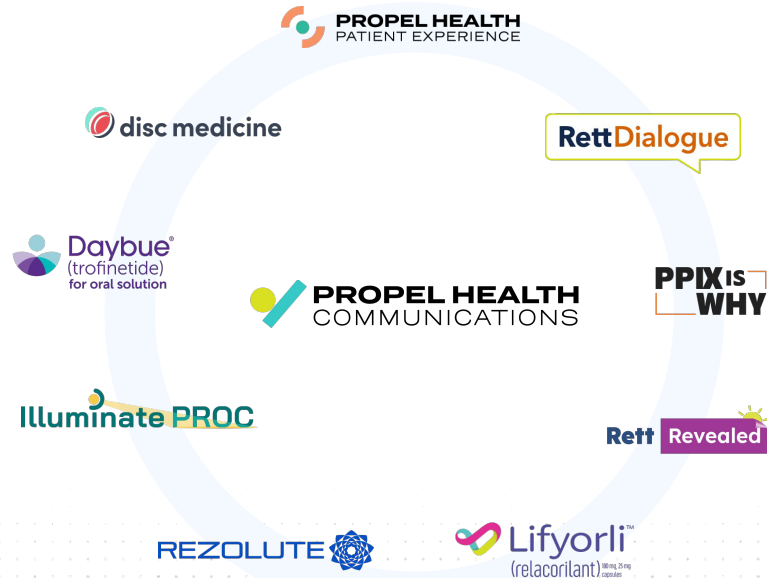

Web Development and Maintenance: Building high-performance consumer platforms across their core health segments.

Rigorous QA: Eliminating technical bugs to guarantee seamless cross-device performance.

Compliance First: Architected to meet global data privacy and accessibility (ADA) standards.

Developed SmartCheck® mobile App & Integrated it with the personal otoscope device for [Tylenol](#) brand.

Propel Health Communications

Supporting leading healthcare communications agencies with secure, compliant, and high-performance digital solutions.

Portfolio-Wide Coverage: Trusted technical partner for Propel Health's agency network and client platforms.

Web Development and Maintenance: Building specialized agency websites, patient portals, and disease awareness sites.

Rigorous QA: Guaranteeing flawless functionality and cross-device compatibility for clinical campaigns.

Compliance First: Built to meet HIPAA, medical marketing guidelines, and web accessibility (ADA) standards.

Our Achievement

In **INC.5000** we became official member #4,332 in 2025 list.

In **Web Development** Category we have listed #100 in Clutch Top B2B Company in New York 2021.

In November 2021, we become **Top Rated** Talent in Upwork.
